October 2026 edition · figures as of 20 October 2026

02 | WHAT YOU GET

Three things you get with Dalang.

2

FACILITIES

In Indonesia

Your data stays in Indonesia — South Jakarta and Pandeglang.

24/7

OPERATIONS

One accountable team

Network, servers, and operations under one contract.

4/4

RPKI VALID

Checkable

Network and registrations you can verify in public registries.

03 | FIT

Is Dalang right for you?

BEST FIT WHEN

- Your data must stay in Indonesia
- Your cloud bill grows faster than your usage
- You want one party accountable for operations

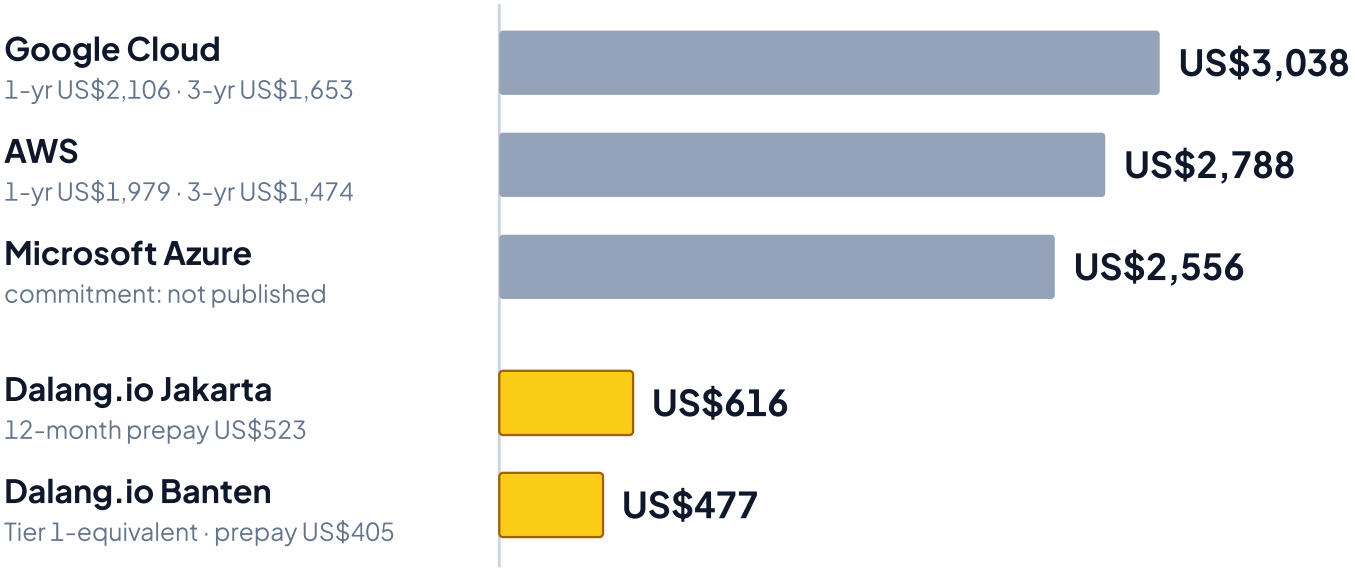

LESS SUITED WHEN

- You need dozens of global regions
- You need a catalog of proprietary cloud services

04 | PRICE BENCHMARK

The same server, 58–80% below cloud list prices.

Monthly cost of one server (64 vCPU, 128 GB RAM, 4 TB SSD) · public list prices, Jakarta · 22 Oct 2026

76–80%
below pay-as-you-go cloud pricing

58–71%
below 1- and 3-year cloud commitments

US$0
ingress and egress charges at Dalang — cloud bills egress per GB

Illustrative. Cloud prices exclude per-GB egress; Dalang has no ingress or egress charges. Method and limits: Company Profile, p. 33. AWS, Google Cloud, and Microsoft Azure are trademarks of their respective owners.

05 | RESPONSIBILITY

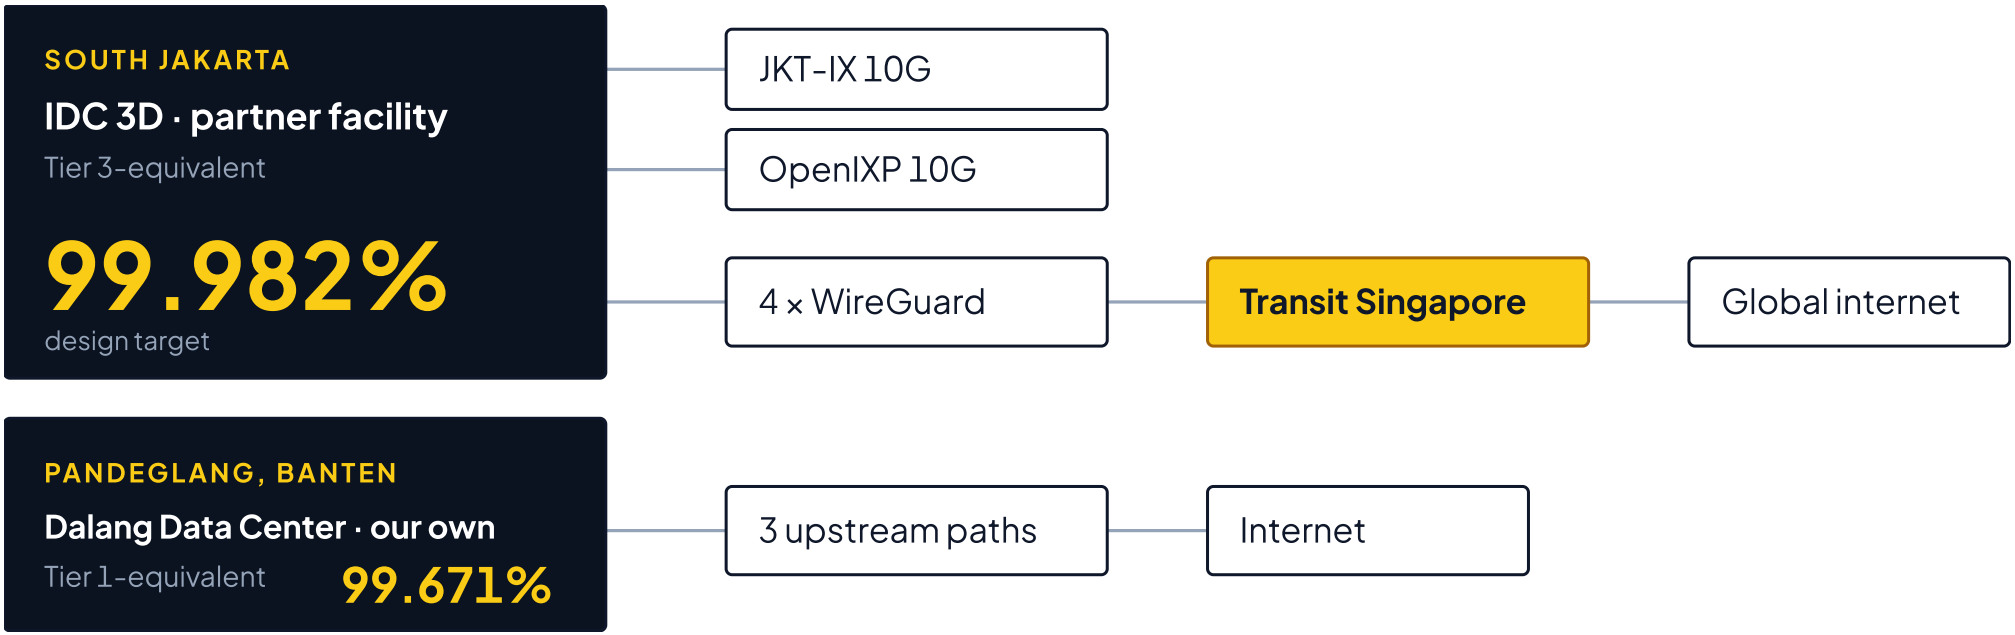

One contract, clear lines of responsibility.

	DALANG	DATA CENTER PARTNER	YOU
Facility, power, cooling	◐ Audit	● Accountable	○
Network & IP addresses	● Accountable	◐ Cross-support	○
Servers & virtualization	● Accountable	○	○
Operating system & platform	● Accountable	○	○
Applications & data	◐ Support	○	● Accountable
Backup & recovery	◐ Executes	○	◐ Sets RPO/RTO
Incident response	◐ Operational	◐ Support	◐ Policy

● Accountable ◐ Plays a role / supports ○ Not involved

06 | INFRASTRUCTURE

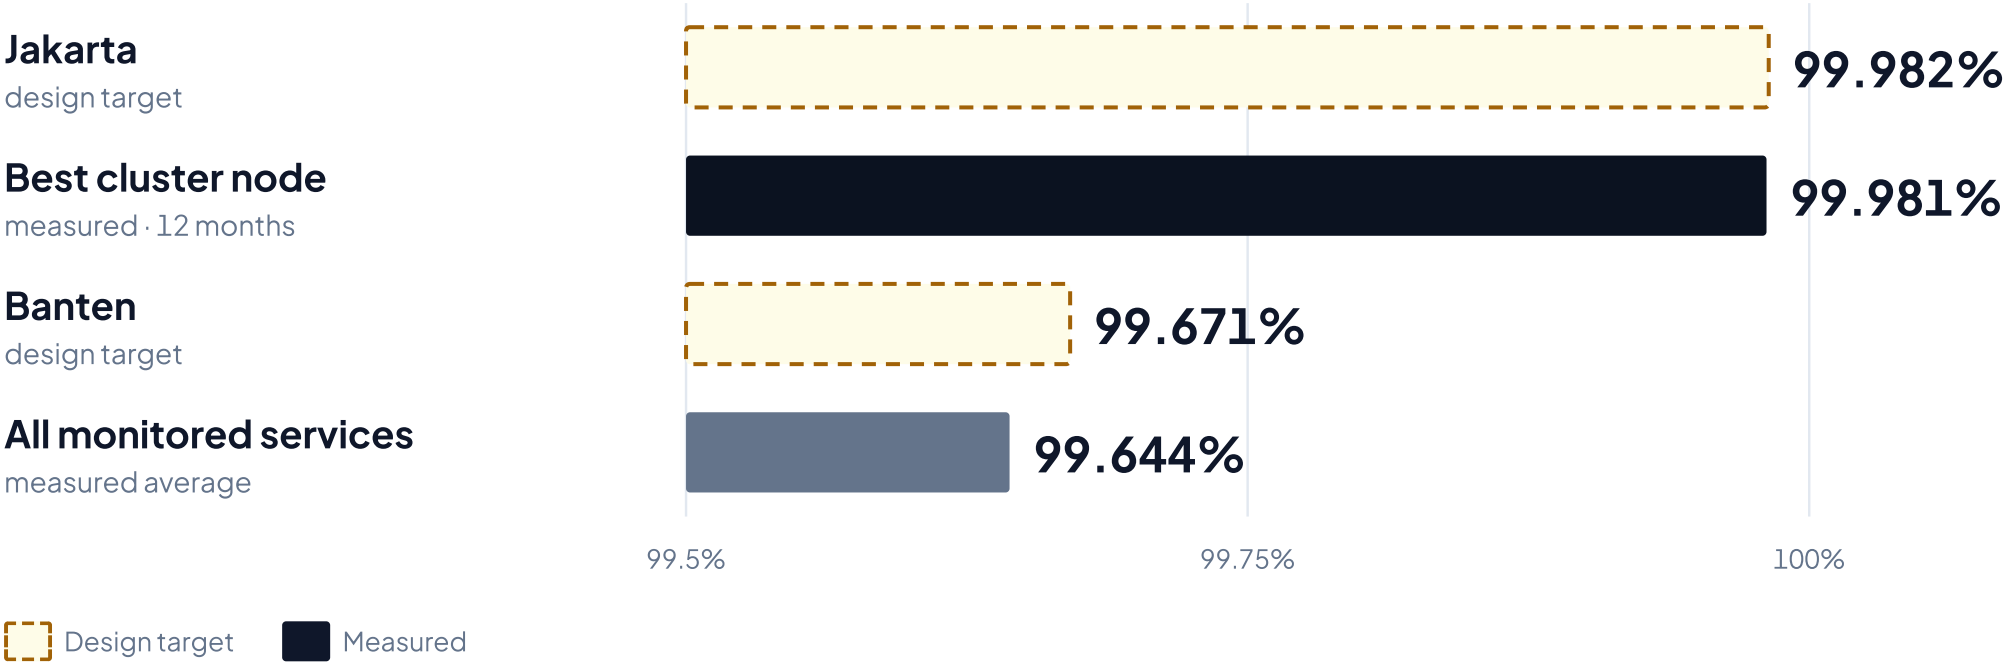

Two facilities, two Indonesian exchanges, one route to Singapore.

Uptime figures on this slide are design targets. AS154547 · RPKI 4/4 valid · 2 × 10G IX.

07 | UPTIME

Uptime: what we design for, and what we measure.

Scale starts at 99.5%. Public status: uptime.dalang.io · 20 Oct 2026. “Tier 3 / Tier 1-equivalent” follows Uptime Institute references; the facilities are not certified.

08 | VERIFY

Check it yourself — don’t take our word for it.

11 | HOW WE START

From first call to stable operations.

01

15-minute call

Your workload and goals

›

02

60-minute workshop

Workloads, regulation, cost targets

›

03

Proposal & SOW

Within 1 business day

›

04

90 days

from signature to stable operations

12 | CONTACT

Let’s talk about your workload.

Start with a 15-minute call.

Mon–Fri, 09:00–18:00 WIB (UTC+7) · 24/7 technical support for customers
